### FROM OFFICIAL RECORDS

NEARLY SEVEN HUNDRED MEN SENT OUT FROM UTAH.

First Publication of the Entire List-The Number Is Considerably In Excess of the Apportionment Under the Two Calls Made By President McKinley.

Since the battle of Malate, near Manila, when battery A of Utah, under command of Captain R. W. Young, undoubtedly saved the day, interest in the personnel of our volunteer organizations at the front has been revived. Utah has sent out nearly 700 men, a considerable number in excess of the apportionment for this state.

Under the president's first call for Under the president's first call for 158,000 troops and his second call for 75,000, the total number of troops allotted to our state to raise was 532 men, aside from the 14 commissioned officers, distributed as follows; Eattery A, 121 men and 4 officers; battery C, 106 men and 3 officers; additional recruits for batteries A and B, 162 men, cavairy troop, 82 men and 3 officers. In addition to the above, troop I of Torrey's rough riders, numering 89 men and 3 officers, was recruited from this state, while 44 of Colonel Young's company of engineers were from Utah; company of engineers were from Utah; making the total number of men sent from our state approximately 875. There have been some additions and discharges not on record here, but the figures are very nearly correct, THE ROSTER.

make-up of the different volunteer organizations from Utah is given below, all changes having been cor-rected, and the list, with possibly one or two exceptions, is correct:
